CG tower

is the top model proposed by Audel Artloudspeakers.

38 liters with deep and detailed bass.. An Amazing product for the most spacious living spaces but, above all, for the most demanding listeners.

The front - stage reconstruction and the richness of the harmonics will accompany you to the wonderful world of High Fidelity.

The musical event will appear in all its physicality in front of you and it will be a frenzy of emotions.

Silk tweeters and two 6.5-inch woofers for great versatility and you're done. The music is all around you!
